Professional Summary

Results-driven Full-stack Software Developer with 6 years of experience architecting robust mobile and web solutions. Expert in frontend and backend technologies with a focus on financial services, education, and compliance systems. Successfully delivered mission-critical applications including banking platforms, comprehensive e-learning solutions, and enterprise GRC systems. Known for writing clean, maintainable code and translating complex business requirements into scalable technical implementations. Passionate about leveraging emerging technologies to create innovative digital experiences that drive business growth.

Skills

- **Languages:** JavaScript, TypeScript, PHP, Python, C#
- **Frameworks/Libraries:** React, React Native, Expo, Next.js, Angular, Laravel, Node.js, Nest.js, Express.js, Django, TailwindCSS, Bootstrap
- **Databases:** MySQL, PostgreSQL, MsSQL, MongoDB, SQLite
- **Tools & Technologies:** Git, GitHub, Docker, AWS
- **Others:** RESTful APIs, CI/CD, Agile methodologies, WebSockets, Figma, Postman

Professional Experience

Mobile Developer

Optimus Bank Limited, Lagos

January 2025 - Present

- Developed and implemented key features for the bank's mobile application, including third-party ATM card collection functionality.
- Built an insurance purchase system within the app, enabling customers to browse and acquire insurance products seamlessly.
- Implemented scheduled transactions feature allowing customers to set up recurring and future-dated payments.
- Created an international payments module supporting cross-border transfers and currency conversions.
- Worked on refactoring the codebase to ensure maintainability and scalability.

Full-stack Web Developer

Mitiget Assurance and Technology, Lagos

January 2024 - January 2025

- Developed an e-learning platform (Mitiget Learning Academy), featuring a course registration system, a quiz system, an audit system, and affiliate marketing functionality.
- Led the frontend team of a Governance, Risk, and Compliance (GRC) system project.
- Created an events management and registration website using vanilla PHP.
